15th April, 2019

To
The Principal
Vignan Institute of Pharmaceutical Technology (VIPT)
Visakhapatnam

Respected sir,

Sub: Approval to conduct "Awareness Programme on NIRF for HEI'S" organized by IQAC at VIPT-req-reg.

As per the suggestions made by Honorable Chairman Dr. L. Rathaiha sir in the GBM, that it is more advantageous to conduct awareness program for all faculty members of our institution to enhance their skills.

In order to conduct this Awareness program, our institute has to take care of the following expenditure as per the norms specified by them. Hence kindly extend your support and accord approval for the expenditure to conduct this Awareness Program during 22-04-2019 to 27-04-2019

Thanking you sir

Yours faithfully

P.N. Mallikarjun

Report on

Seminar on “Challenges in NIRF for Affiliated Institutions”

A Two days Seminar on “Challenges in NIRF for Affiliated Institutions” was organized by the IQAC at Vignan’s Institute of Pharmaceutical Technology, Visakhapatnam on 20.12.2019

The title of the programme is “Challenges in NIRF for Affiliated Institutions”. The aim and scope of this program is to provide for ranking of institutions in five broad generic groups of parameters, namely: i) Teaching, Learning and Resource ii) Research and Professional Practice iii) Graduation Outcome iv) Outreach and Inclusivity and v) Perception to train and provide knowledge on NIRF, By and large, India Ranking continues to give a lot of emphasis to collection, verification and use of reliable data, unlike global ranking that gives disproportionate weightage to perception and internationalization (in terms of interaction students and interaction facility), NIRF relies on ranking based on data, which is more objective, especially in large higher education system like India, where perception data alone can be misleading and amenable to manipulation, although, the task of collection, verification and authentication of data from a large number of Institutions, is challenging.

Program team:

Resource team: Prof. Prathosh Bansal, Institute of Engineering and Technology,
Devi Ahilya University, Indore.

Patron: Dr.Y.Srinvasa Rao, Principal

Convener: Mr. P.N.Mallikarjun, IQAC Coordinator

Resource person overview:

Prof. Prathosh Bansal Professor, Institute of Engg. & Tech. the focus of government for the past few years has been to achieve three important goals – “access, equality and excellence”. Although substantial progress has been made over the years a lot more needs to be done to achieve all the three goals, particularly on the excellence front. The Ministry of HRD and regulatory bodies have initiated a series of reforms and have also introduced several schemes to bring quality to the top agenda of Indian Higher Education

PHARMACEUTICAL TECHNOLOGY
Beside: VSEZ, Duvvada, Visakhapatnam-49

About the program:

The Ministry of Education is pleased to present the seventh edition of India Rankings for the year 2022 based on ranking parameters identified and defined in the National Institutional Ranking Framework (NIRF). The seventh edition of India Rankings builds upon previous six annual exercises undertaken between 2016 and 2021 with consolidation, improvements and expansion in terms of additional categories and subject domains added to the ranking exercise and increasing number of institutions that participate in the annual ranking

India Rankings continues to be a gigantic and a demanding exercise involving experts with in-depth knowledge of higher education system in India, nuances of bibliometric & citation analysis, new trends and advances in data science & data crunching. The Ministry is happy to put on record its appreciation for the National Board of Accreditation (NBA) for its continued passion and utmost dedication in execution of this mammoth task year-after-year. The NIRF Team at NBA together with the team of its partner institution, i.e. INFLIBNET Centre at Gandhinagar has played a vital role in the execution of this task.

TECHNICAL SESSION I:

NIRF Quality parameters Technical Session –I began after the inaugural session. The session is focused on the preparatory work related to NIRF and the design of internal organization system in HEIs and NIRF quality parameters. He pointed out the gaps in preparatory works and the difficulties being faced by the college and university in collecting and collating the data and information. He also pointed out that there are no separate wing in colleges/ universities for preparing documents and data for rankings. Even most of the colleges are very reluctant to upload their college details in website. Most of the data available in website are not consistent and nor properly updated.

TECHNICAL SESSION –II:

Ranking process and Data uploading: started after lunch break. He explained all the parameters and function used in NIRF ranking, he also elaborated how to calculate the functions according to the respective college's data. He interacted with all the participants and clarified the doubts.

Many participants shared their experience and problems faced in uploading the data for NIRF. They also shared options on the workshop. Some of the doubts expressed by the participants in filing various forms were clarified. A user friendly app was developed by APSCHE to give online support for ranking process. Queries posted on App will be answered by renowned resource persons immediately, so that the doubts can easily be clarified.

Schedule of activities:

Day and date: 20.12.2019

Venue: Seminar Hall

Objectives of program:

- To bring awareness about the parameters with relative weights
- To bring awareness on innovative and best teaching learning practices for enhancing knowledge and employable skills of the students.
- To bring awareness about the quality research publications and patents.
- Deliberations on inclusivity and diversity in ranking process
- Discussion different outreach programs with national priority for better ranking.
