Report on awareness session on Disha App

VIPT organized a special drive on Disha SOS App in association with Police department of Kurmannapalem on 18/05/2022. Police team has created awareness on having Disha app in their mobile phones for their safety and asking them to install. VIPT-NSS PO said that the State government has introduced the app for the safety of women and appealed to the people to install it in their mobile phones. She motivated boy's students also to provide their assistance to their family members and relatives in installing Disha app in mobiles. In this programme, HoDs and other faculty members were participated. A total of 427 students were participated in this event. Some of our students educated her family and neighbors about disha app and insisted them to download.

Presenting mementos to speaker

Dr. S. Satya Lakshmi,

Vignan Institute of Pharmaceutical Technology, Duvvada

As per UN Women - The United Nations Entity for Gender Equality and the Empowerment of Women, an estimated 736 million women (almost 1 in 3 globally) experience some kind of violence at least once in their lifetime. UN Women also states that girls are more vulnerable to psychological bullying. However, less than 40% of these women seek help. As a socially responsible organisation, we would like to work towards bringing a change in this direction. We are, therefore, reaching out to you to partner with your organisation at the grass-root.

In continuation of our efforts towards safe, sustainable and inclusive ways of living, Dr. Reddy's is working towards spreading awareness among college going women on topics around 'Women Safety'. The aim of this initiative is to empower young women with the knowledge and confidence to protect not just themselves, but also others around them, when in need of help.

We plan to do this through our certified team of Women Safety Ambassadors (WSAs). These master trainers will be addressing the female students in your college on topics on the safety paradigm that are about self-defence as well as mental preparedness. We look forward to collaborating with you on this initiative to help our Women Safety Ambassadors plan and conduct these training sessions. We are excited to join hands with you in creating awareness for a safe and secure society for all women.

Looking forward to hear from you.

Regards
