Policy Objectives:

- To sensitize students towards a Clean and waste free Environment.
- Proper handling of various wastes from the campus.
- To restrict waste generation.
- To adopt methods for effective waste management

Degradable and Non Degradable Waste Management:

To provide a clean and green environment in and around the campus, it has been decided to take sustainable initiatives for the reduction and management of waste generated in the campus.

- Systematically make students to think about 5 Rs **Rethink, Refuse, Reduce, Reuse, Recycle.**
- Reduce paper consumption by supporting the digitalization of most of the office works.
- Reduce the need for printing books by encouraging e-books and e- journals.
- Encouraging students and teachers to use online platforms for submission of assignments.
- Sensitize students about food wastes and ways to reduce them.
- Minimize the use of packaged foods.
- Re use and recycle non degradable products.
- Organize various programs for students on degradable and non degradable waste management practices.

E-Waste Management:

The e-waste management policy was framed to cover all electronic equipments and devices and e-waste management operations.

Objectives

- To minimize generation of e-waste
- To facilitate reuse and recycle to the maximum possible extent
- To dispose waste in a effective and economic manner.

- To ensure safe handling and disposal of e-waste in campus.

The Institute follows a proper disposal mechanism of various types of e-wastes like old computers, printers, cables, mouses etc.,

These are sold to an authorized recycling agency adhering to the government norms and regulatory guidelines regarding e-waste management.

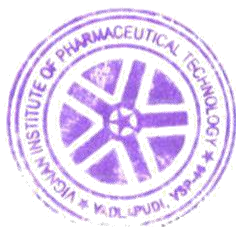

Waste management is planned effectively in the campus and appropriate measures have been taken to control and reduce the e-waste. The collected e-waste is stored in a safe space before its proper disposal.

REPORT ON WASTE MANAGEMENT PRACTICES

- Separation of waste in VIPT is regularly carried out by using colour coded dustbins for collection of organic, biodegradable, recyclable and sanitary waste to keep the campus free of waste.
- Students and faculty are sensitized to dispose the waste in the assigned color dustbins.
- Awareness programs on waste management practices are conducted for students and staff to promote environment friendly operations.
